

“Two Game” – Offensive Breakdown Drill

“Two Game” is a simple drill for introducing and practicing the weakside two person game options. Since it goes through all of the two game options, it is also an excellent drill to use during practice and game warm up. Players are paired up in two lines. One line, with a ball, is aligned in the middle of the court and the other line aligned on a wing.

The player on the wing initiates the drill by breaking up to the elbow and receiving a feed from their teammate with the ball. The player breaking to the elbow, after handing off, rolls to the basket and rebounds. Players switch lines as well as sides (right & left) of the court prior to changing to the next option. The Two Game’s pass and dribble series can be ran separately or combined as desired.

Pass Series Sequence:

Option 1. Handoff and Drive

Option 2. Handoff and Pull Up Jumper

Option 3. Handoff and Roll

Option 4. Fake Hand Off & Shoot

Option 5. Fake Hand Off & Fake Shot Pass

Option 6. Fake Feed & Back Cut Pass

Dribble Series Sequence:

Option 1. Drive

Option 2. Pull Up Jumper

Option 3. Screen & Roll

Option 4. Drive Opposite

This two game drill is excellent for getting the players to learn and understand the counters for the various defensive tactics that they will encounter during the course of the season.

Note: Reading and countering the defense is becoming a lost art.
